

Dolphin bookmark

You will need:

Large safety pin
Blue felt
Needle and thread
Small white or black button.

Instructions:

Fold the felt in half. Cut a dolphin shape so the tail sits along the fold. We have a template to help you. Open out the dolphins so you can slip it through the paper clip with the paper clip resting along the tail. Sew around the outline of the dolphin and along the bottom at the top of the paperclip so it stays in place. Sew on a button for the eye.
