MR. RZYKRUSKI'S SCIENCE CLASS

EXPERIMENT #2: "MONSTER OOZE"

⚡ You will need:

- Cornstarch (one 500 gram box per 2-3 scientists)
- Water
- Green food coloring
- A large mixing bowl

⚡ Instructions:

1. Pour cornstarch into the mixing bowl.
2. Add a few drops of green food coloring to the water (approx. 120 ml of water for each 235 ml of cornstarch used).
3. Slowly add water and mix until the substance is uniform.
4. The Monster Ooze is ready – use your hands to interact with it and explore!
5. Don't forget to clean up when you're finished.
