**MONSTERIZE**  
**YOUR SNEAKERS**

Make cool “monster-ized” sneakers!

**You Will Need:**

- White/Green Canvas Sneakers - With/Without Shoe Laces • Masking Tape • Glue Gun • Pencil • Paint Brushes • Googly Eyes • Fun Fur - Green and Blue • White Craft Foam • Fabric Paint - White, Black, Green • Liquid Gilding - Gold and Green • Water Base Sealer, Glue and Finish - Matte

**Prepare:**

Set-up your work area in a well-ventilated location. Remove shoe laces from each shoe. Cover the rubber areas of each shoe with masking tape.

**Directions:**

1. **Coloring Your Shoes** - Either begin with a pair of brightly colored canvas shoes or you can paint a base coat of fabric paint (gold, green or blue) on the shoe’s canvas. For a more metallic look, try painting your shoes with a light coat of liquid gilding, repeat two times. Let dry. Finish with a thin coat of water base sealer, glue and finish-matte to protect from discoloration. Let dry.
2. **To Add Googly Eyes** - Use your glue gun to add googly eyes to the top and sides of your shoes.
3. **To Create A Painted Eye** - Draw a large eye on your shoe with a pencil, it can be as large as you like, you can draw one or several. Paint the inside of the lines with white paint and outline with black paint.
4. **To Add White Foam Teeth** - Have an adult help cut out white craft foam teeth in any shape you choose. Use your glue gun to carefully attach them to the front of your shoes.
5. **To Create Painted Teeth** - Draw two triangular teeth below the eye with a pencil. Paint the inside of the lines with white paint and outline with black paint.
6. **Make Them Furry** - Add a small amount of fun fur to the tongue of your shoes or add a small stripe down the back.
