

Build a Snowman game

You will need:

A die

A set of snowman pieces for each player.

- Place the snowman pieces in the middle of the table.
- Youngest person rolls first and play continues clockwise.
- Look at the number you roll and collect the piece for that number, according to the rules below.

6 - body

5 - head

4 - hat

3 - scarf

2 - arms

1 - nose

- You must roll a 6 and collect a body to start.
- You must have a head before you can add the nose, scarf and hat.
- If you already have the correct part, or cannot move because you don't have the body or head, play passes to the next player.

The winner is the first person to complete their snowman.
